

# Prescription Assistance Program

**Are prescription costs breaking the bank?** If you or a covered dependent is taking a medication, including insulin, that costs you more than \$200 a month, we may be able to help lower or eliminate your out-of-pocket prescription costs. To see if your medication qualifies, contact us for a free prescription analysis.

## HOW TO PARTICIPATE

**Call Us**

Call and speak with one of our Prescription Benefit Analysts: 844-234-4472.

**Stay in Touch**

When you are prescribed new medication, let us know.
